

Wow another month into the New Year, I hope you all have had a good start, and it will continue.

Have you ever heard the saying “You’re not the only pebble on the beach”? When I was growing up I heard that a lot. I guess it was because I was in a larger family, and everyone wanted something or wanted something done at a certain time. Have you ever been to the ocean and walked on the beach and saw all the pebbles there, I often wonder if for as many pebbles on the beach, are there that many people in the world wanting something? If you stay on the beach long enough and have your eye on a certain pebble and suddenly the tide comes in, and when it goes out again that pebble isn’t in the same place. So we aren’t the only pebble on the beach are we? Sometimes in life we think we are and everything should be done how we want or see it, and at our chosen time. That just isn’t possible, remember the tide is coming, and you may get moved, and it could be a better beach than you’re on now.

Somers Point Newsletter

I saw a lot of beautiful pebbles on the beach and each one is different; we should be one of them.

We had a good turnout for our January meal. The next one is scheduled for February 9th, and will be a soup dinner at noon, at \$3 per person, there is a signup sheet at the Club House. If you would like to service a meal, check the signup sheet by the kitchen door for a date, it should be at least two people.

Update: Ruth K’s Birthday Open House has been rescheduled for Sunday February 19th from 1-3 p.m., stop by and wish her well. A lite lunch will be served.

“Thank you to everyone who came to help me celebrate my 80th Birthday on Sunday the 22nd, it was a great day”. Shirley P.

Because of the lack of interest in the exercise group, it’s been decided to have Wednesday morning “Coffee Klatch Time” at 10 a.m., at the club house. Come for 10 or 15 minutes, or as long as you like, it will be a good way to get to know your fellow residents.

We have had several people donate books to our library at the club house again, if you're a reader stop and take a look, remember there are DVD's and puzzles there you can take and return when you finished.

Along with the available things at the club house come concerns if the club house should be open on bad weather days, if there is no school it will not be open, however we hope everyone thinks wisely before going out on other bad weather days as well, if you really need to get in the club house you may call Janice B. or Rachel to see if it's open or if one of them can open it for you.

Most of the time we've have a meal at the club house, we have had some one come in and talk, whether it be about a service available in the community for you, or a person with an interesting topic. If you know of someone whom you think would be of interest to our residents, please contact Rachel with the information. It can be a fun thing, entertainment of sorts etc.

Reminder: Dues of \$5 per person per year can be paid to Marilyn "Mae" B. at any time. She lives at 1082. This dues money goes toward paper products and cleaning supplies used at

the club house. Any extra printing of inserts for the newsletter from personal printer. The Bingo money is kept separate along with the support money we receive each month from Dugan Mortuary as our business partner toward prizes. Meal money is also kept separate to be used toward a catered Thanksgiving meal.

Correction: on the phone list, Gary Morton house # should be 3365, sorry about the error.

Reminder: Do not lock your storm door at night, if the rescue squad, would have to come, they would have to break in thru that door even if they have a key to your inside door, the repairs would be at your expense.
