

Every day we look around and see something new in Nature coming to life. With all the chilly and windy weather, we've been having isn't it amazing that those nature things keep happening? We definitely are reminded that we have no control over that, but it gives us the urge to add to it with the beauty of flowers etc. we add to our yards. In our life, there is something new every day but sometimes we fail to see it. We get up and do the "same ole, same ole" thing every day. I challenge each of you to get up and look every day for something that is new to you, whether it's in your yard, home or even your heart. It is there and waiting for you to enjoy and appreciate, like the butterfly one of the most beautiful insects there is, and how we marvel at them, you can be a butterfly in your or someone else's life each day. Happy fluttering!!!!

Somers Point MAY 2025 Newsletter

Did everyone get their fill at the Pot Luck last month? Aren't those amazing, I love the name pot luck, we never know what will be there, and it always works out great. I always wonder if there would ever be a time when it was all meat dishes or desserts, I'm guessing no one would go away hungry or complain, guess that's why it's called potluck! We'll do it again on July 4th, at noon, mark your calendar.

We have two events scheduled close together this month, on May 7th will be our Third Annual Information Fair, from 11 a.m. till 1 p.m. at the Club House. We will have vendors with interesting information for everyone, there will be a free lunch. See *the attached information*.

Thursday May 8th is our monthly meal, at 5 p.m. There will be a Potato Bar, (baked potatoes with an assortment of toppings, and dessert) there is a signup sheet at

the club house, it will be at a cost of \$4 per person.

Those Comfort Rabbits that got snowed out in February will be visiting.

We will have special music entertainment at our June 12th meal, he is a friend of Jane G. Plan for something special.

The Dodge County Sheriff would like to remind us to be aware of people that drive through our street, and especially of people who may try to befriend you, and willing to be of help to you. If you do not know the person or persons, and they make unusual offers to you, it is wise to be cautious of whom you trust. They are usually trying to find their way into your life and affairs to steal or lead you to believe what they say. Be sure you know where the person lives, their name, and a little about them before you get friendly with them. One of our residents was recently taken in by a person like this, and we want to prevent that from happening to anyone else. If you suspect someone, it is wiser to call 911 and make a mistake rather than be sorry later.

REMINDER: You can still pay your dues of \$5 per person to Mae B. for the 2025 year.

Also remember with the summer mowing season here, remember to keep yard ornaments and flowerpots away from the mowing areas.

The week of May 19th through the 23rd, will be inspection, if you need light bulbs or batteries changed have them ready.

Somers Point garage sales will be May 16th and 17th, each person is responsible for their own sales, and advertising. Using the "Fremont Garage Sales" on Facebook is a good way to advertise, if you need help doing that ask a friend, family member or neighbor to help you. There are signs at the Club House you may use for your yard.

We are sorry to see Allyn and Vicki B. leaving us, Vicki is now residing at Nye Legacy, and Allyn will be moving to live with their daughter. We wish them well, and we thank Allyn for always

being our “flag man” at Somers Point 1.

We extend our sympathy to Issabelle H. on the death of her daughter, and to Vern and Jan A. on the deaths of their son-in-law, and Jan’s brother-in-law. Also, to the family of Norma Mentzer a former S. P. resident.

Happy Birthday in May to:

Sandra F.-----13th

Jane G. -----14th

Glenn R.-----23rd

Ann W.-----26th

Vern A.-----31st

In the months to come an Event Center will be built just to the north of us. There will be workmen and different machines working there, so be cautious when you drive that way, and be aware of more people in the area. We can never be too careful.

As I finish up this month’s newsletter we once again have been through another of Mother Natures unexpected visits. We are thankful no one was injured, or lost anything of real value, we saw neighbor helping neighbor, people showing their concerns

for others. Your patience waiting for Housing to come and take care of immediate needs, was greatly appreciated. As we look around we see that there are many who have a great more to deal with than us, we were blessed and fortunate. Even when fluttering gets difficult there is always good.

Treasures Report:

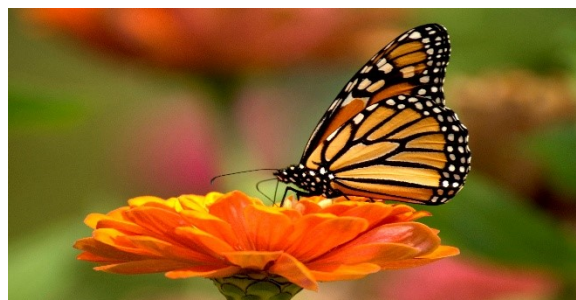

Dues donations-----\$174.17

Bingo-----\$687.18

Meal Fund-----\$699.73

Total-----\$1,561.08

We appreciate our donation from Moser Mortuary toward Bingo expenses, and especially the people who are so willing to provide our monthly meals.

Have faith in your journey. Everything had to happen exactly as it did to get you where you’re going next. Mandy Hale
