

## May 2024 Somers Point Newsletter

When Spring arrives, we see so many things of nature and say, “Isn’t that beautiful,” or “Isn’t that just unbelievable.” Don’t you wish everything would stay that way, well it doesn’t, but we don’t have to let beautiful or unbelievable things disappear, we can replace them with something beautiful and unbelievable every day. They are there, we just need to look for them. I’m a list maker, so on my list is hearing the voices of my children when they call me every day, looking out the window and watching the birds and squirrels scamper around in the yard and trees, hearing people’s voices as they visit and gather together, music I enjoy, being able to do what I can, and so much more. The beauty of all of this is being able to hear and see those things and going out and enjoying them. Right now, around the world people are fighting for their lives, and seeing

the beauty of things isn’t there for Them. So, when things don’t seem to go like you think they should or someone upsets you or your way of thinking, think of something beautiful while you have it, some people don’t have that chance. Keep your eyes open, there is beauty everywhere you are, because you’re beautiful!!!!  
LOOK for IT.

We continue to send well wishes to Betty K., Betty H., Leona P., Vicki B., and Jane G., it's good to see everyone out and about.

With Spring now here not only do we get to enjoy the beauty of nature, flowering plants, trees, green lawns, longer days BUT we also get to enjoy the bugs, and all kinds of pests that go with that. Our garbage can is a place they love. Please help to avoid problems with

those little buggers by rinsing out the recyclables that you put in not only your garbage can but also the containers at the club house. As we know where there is one bug there is usually a thousand more. Your thoughtfulness in helping to avoid this is greatly appreciated. And just a reminder to break down any cardboard boxes you recycle, that helps make room for more. Thank you!

**KEEP SOMERS POINT BEAUTIFUL!**

Our thanks to Fremont Housing Maintenance and Amanda for the “fixups” you did along with inspection. We appreciate it.
