

October 2022 Somers Point Newsletter

Fall Greetings. Isn't this a beautiful time of the year, the cooler temperatures are so welcomed, and we have been blessed with some rain!!! How often do we count our blessings? Probably not often enough, I've been told just getting out of bed in the morning is a blessing, and indeed it is, think of those who can't. One of our biggest blessings is Family, whether they live with us or away from us they are a blessing. Not everyone is blessed to have family living close, but that doesn't mean they love us any less. Yet some times we aren't close to them even when we live close, we are hurt by things that have happened in our lives and never stop to think if that hurt was so bad that we want to distance ourselves from them or others, maybe that's when it's time to start counting our blessings, and

to get rid of those hurts. It also gives us the opportunity to recover from those hurts before it's too late, and then we have regrets. We live in a broken world, and sometimes we wish someone would do something about that, but have we?? One person is never going to fix it all, but we each can do our part, when we have faith even if it's a minor thing. So, what can we do? We can do a "pay it forward", we can call someone we haven't talked to or seen for a long time, we can write a note to those we hold dear or have done something wonderful, but most of all we can thank those we love, pray for those in need, and be who we are, not what someone else wants us to be. The list never ends. I've seen a picture of a cute little fella with the caption that says " Please be Patient, God isn't finished with

me yet.” Can you relate? Happy blessing counting!!!! rj

Wasn't that September brunch delicious! Thank you, Lanore, and Betty K., for all your hard work.

So, on October 13th, we will be having the “good ole” potluck meal at 5 p.m. bring your favorite dish. Ron Giesselmann from the Masonic Home in Fremont will be our guest.

Our Thanksgiving meal will be on November 10th, at 5 p.m., the cost will be \$5 per person, and will be for Somers Point residents only, it will be catered. A signup sheet will be at the club house, the deadline for signing up is November 1st, in order to pay the caterers, please pay the \$5 at the time you sign up, an envelope will be with the signup sheet, done on the honor system. The meals we have had during the past year have made it possible to cover the biggest share of the catered meal. If residents are interested in doing the monthly meals again next

year with pot lucks in April and October, please think about signing up to serve a meal during the other months, we will discuss that at our dinner.

Those of you who were at the September Brunch, heard Elisa from Keene Memorial Library talk about what they have to offer, she pointed out that even though they have temporarily moved to the City Auditorium their services haven't changed. One of the services for Seniors they offer is books delivered to your home at no cost, all you need is a library card which is also at no cost. Elisa is willing to come to the club house and get residents set up for that program, if you are interested please sign the sheet at the club house and a date will be arranged with her to come and get you started with that, you can also get a card at that time all you need is to have an ID. Another of their services is e-books if you have a computer, lap top, Kindle or I-pad you can subscribe to e-books from the Library through that, she would

be glad to get you set up for that also, so don't forget to sign up at the club house, with winter coming that could be a great service if you like to read. Don't forget we also have a great number of books at the club house you may also borrow as well as DVDs and puzzles. Take a look.

Reminder: Do NOT lock your outside storm door, if you would have an emergency and the Squad guys couldn't get it open, they would cause a lot of damage doing that and that would be an expense to you. They do have a master key to get your entry door open. Be safe.

Also in our hand book in the 4th section under Occupancy Rules page 3, Section 4 - Refuse, it states that all trash in our garbage cans must be in a bag, as I walk the neighborhood I can sometimes smell bad garbage, and the flies are bad, I know bags don't always stop that, but it helps, without a bag the cans become very messy and unpleasant to handle, and it

becomes a mess for you, your neighbor and the garbage man. Please be considerate.

Even though Nebraska Football has been having their ups and downs this season doesn't mean we are to give up on them, whenever there is a NE game you are invited to gather at the club house to watch with other residents. Just come, bring your own drink, coffee is furnished, and if you like you may bring a snack to share. Times vary according to games.

Our October birthdays are
